PHONE us your ORDER.

Fresh Fruit in Season.

M. FISHER, Clareholm

THE OLD RELIABLE AND UP-TO-DATE CLOTHING STORE

Offers some very good bargains in STRAW and LINEN HATS. We will sell all of the above lines at 33 and a third per cent less than they are sold for in order to clean them out and make room for fall goods. We give 20 per cent discount on all our Canvas shoes for men and ladies. If in need of a good suit of clothes give me a call, I have a few bargains left. We carry a full stock of Tooke's Shirts, Balbriggan Underwear and Geo. A. Slater Shoes.

Carl J. Braren.

The Western Canada Lumber Co., Limited.

SUCCESSORS TO

The Clareholm Lumber and Grain Co., Ltd.

THE HOUSE THAT JACK BUILT

wasn't "in it" compared with a house constructed from the lumber you can get from our yards.

There's nothing mythical about our stock of lumber--there's a whole lot of sound, substantial building material here.

The Western Canada Lumber Co. Ltd.

OLE THOMPSON

YARD MANAGER.

WE Can Deliver STEAM COAL

Chiefly Clareholm

Construction on the new depot is to be pushed on at once.

Mrs. E. W. Frost from Clear Lake was in town over Sunday.

An auto party from Calgary, bound for the boundary, paid Clareholm a visit last Sunday.

Richard Brown is shipping a couple of car loads of last season's wheat this week.

Messrs A. Dunbar and J. G. Cummings left on Saturday on a two weeks trip to the coast.

Mrs. I. L. Wannamaker returned this week from the East where she has been for some months.

Miss Harrison, daughter of Mr. J. M. Harrison, is a Lethbridge visitor for a few days this week.

F. J. Cumming, Lethbridge, of the Farm Service Company, made a run over from Lethbridge this week.

Mrs. Frank Murray has gone to Edmonton to spend a few weeks at the home of her father, C. S. Hotchkiss.

William Whitehead is completing the breaking on the Farm this week. He is making an excellent job of this work.

Mr. O. L. Reinecke, wife and family are leaving Saturday for a trip of about three weeks duration to the coast.

Mr. and Mrs. James McKinney left Tuesday for the Okanagan country. They will be absent about two months.

F. H. Hossell who is largely interested in lands in Clareholm vicinity is leaving for Dorchester, England this week.

T. A. Murray of Macleod, of the Clareholm Lumber Co., made a hurried business call to this place last Saturday.

William Moffatt, Sr., and daughter Eva left this week for Winnipeg. Their visit will extend over the month.

The barn on the Experimental Farm being completed the raising of the first dwelling house will take place this week.

I have a carload of twine on hand, the price is low. Lots of twine will be needed for the big crops, so better leave your order early. J. M. Soly.

One of the horses of the town team was taken suddenly ill this week. Only the prompt and energetic measures taken by Dr. Brewster saved its life.

It is rumored the Canadian Bank of Commerce has purchased the two lots and building on 14th Avenue, occupied some time ago by the firm of Milnes & Noble.

Half has been reported in the district south of Lethbridge on Monday. It is understood the deal was being closed for the section adjoining Mr. Lockwood's home ranch.

Mr. and Mrs. F. N. Logsdon were in Lethbridge on Monday. It is understood the deal was being closed for the section adjoining Mr. Lockwood's home ranch.

Mr. W. H. Van Dusen, the promoter of the creamery proposition, here, left Saturday for High River to attend a meeting of the stockholders of the Creamery Co. of that district.

Mr. and Mrs. E. J. King of Spokane, Wash., with their children, were guests at the Queen's Hotel last week. They were on their way to the ranch of Mr. Augustus King where they will reside in future.

Miss Margaret Macdonald of Banff spent the week end at the "44" ranch, Miss McPherson, who was her guest, went to Lethbridge for a few days but expects to return this week for a more extended visit in this vicinity.

We have the assurance of a well known Alderman of the town council that there is no immediate cause for the anxiety of his many friends caused by the rumors that have been circulating during the past few days.

Travis Bagley, the well known Meadow Creek rancher, has left for England on a short business trip.

Mr. J. H. Watt narrowly escaped serious injury at the start of the 1 mile Gentlemen's race in Calgary last week. A horse lashed out with its heels and struck Mr. Watt on the side of the foot but, fortunately, without serious effect.

It is a pleasure to note that the very satisfactory crop conditions existing here also is a cause for rejoicing in the whole Western country. Business cannot show its gloomy face in the presence of such excellent prospects.

The firm of Vanhorn & Hutchison, proprietors of the Palace Livery, Feed and Sale Stable brought in to town this week 20 head of fine young horses. These are a selected stock of heavy draft horses and are for sale at their barn. Those who have had the opportunity to look these horses over say they are a splendid lot.

Mr. W. Marlette, who has been superintending the erection of the creamery at High River, was a visitor here this week. He will direct the erection of the buildings for the Clareholm Creamery Co., and the installation of the machinery. Work will begin this week.

Mr. J. A. Gaudin has this week received a car load of horses from Manitoba. We understand these horses are a fine selection, all heavy draft, and as Mr. Gaudin is offering them for sale, intending purchasers of this class, should look over his stock, early, for the best choice.

Do not let yourself be humbugged by agents who tell you that you cannot get the necessary parts for repairs for the Sixton Binder nearer than Ontario. The firm of Tucknole, Anderson & Co., Ltd., handle for Alberta all these parts. Cummings & Lindsay are the Clareholm representatives.

Mr. J. J. Newton of St. Cloud, Minn., representative of the International Harvester Co. of America, is in town this week. He makes this town his headquarters for South Alberta business. As an expert in crop conditions and as an optimist regarding Clareholm's future, his glowing encomiums upon the town and district will have their effect wherever he goes.

We remind you of the Elvix Antique Exhibition to be held in Lethbridge on July 14th as referred to in another column. To many this will be the first opportunity of observing an antique collection in action. It is expected that the daring visitor will attempt to make a record for high ascensions. This exhibition must not be confounded with the amateur attempts at vent d'air de lais. This man does fly.

A visit to the dining rooms of our best hotels impresses one with the fact that the oblong tile of last year has turned again and Clareholm and district are on the crest of the rising tide. The most necessary condition for the growth and prosperity of the town is the filling up of the adjacent country and district with good energetic settlers and there seem moving very favourably toward this end.

None should run out to the Fair grounds at Lethbridge this week it would surprise one who has no idea of the immense buildings that are being erected. The main building, the largest in western Canada, the Grand stand that will actually seat 5,000 and the large lot of new tables would impress one with the fact that the directors expect to have something done when Fair time comes the last week in August. Arrangements have been made for showing the only official set of Coronation pictures in Alberta, on an immense scale before the Grand stand each evening. These will be much larger than can be shown in a theatre and every person should see them. All classes are filling and there will be a very large entry in all of them. The Fair and the Epworth League, every way the best and biggest ever held in Southern Alberta.

Seven Day Slaughter Sale

WE are Putting on another BIG SLAUGHTER SALE from our large, complete line of--

Men's Clothing

125 Suits will be sold in this Sale at prices that will induce you to buy. We shall also put up our line of

Men's Oxfords

These are going to go at absolute Cost. Then there will be Big Bargains in

Men's Summer Underwear

DON'T miss this chance to get that suit and DON'T forget the opening date of this sale--

Saturday, July 13th.

JONES & MUNRO. Next door to Post Office.

What might have been a serious accident occurred this week in the Clear Lake district. The team of Mr. John Nelson taking freight run away almost from his own door. The dashboard broke and Mr. Nelson was thrown from the rig and dragged for some distance. Miss Vera Parker, who was being driven to Clareholm, was also thrown from the vehicle and was carried unconscious to the house. Fortunately the lady was not seriously injured but a sprained limb will confine her to the house for a time.

The grounds of the Clareholm Agricultural Society present a scene of activity this week. The main building is approaching completion. A few days will see the carpenter work finished. It will be painted and will present when completed a stately appearance. The offices for the secretary and ticket sellers will be erected at the entrance gates. It is also the intention to build stables for the live stock. Just west of the present stable building, a shed will be held on Monday next to fix up the grounds.

The hail storms which have been threatening for several days have fortunately given the immediate neighborhood of the town a clean berth. But we regret that some loss was sustained in the adjoining district by certain farmers. It is a matter for consultation, however, that the damage done was slight. We understand among other properties in the path of the storm were those of Mr. John Stange, H. Johnson, A. M. Borg and Mr. Fred Anderson, east of town. Reports of much more serious damage have come in from Langdon and vicinity.

On Tuesday the Hon. Duncan MacIsaac, accompanied by H. A. Craig, Supt. of Demonstration Farms and the Publicity Commissioner C. S. Hellekakis, paid a visit to the new farm here. They proposed selecting another team for the Clareholm farm but did not make a purchase. No permanent foreman has been engaged as yet, we understand. On the return trip from the farm to catch the afternoon train for the north, the automobile, disliking the rough usage to which it was being subjected, owing to the condition of the roads, cast a tyre and barely escaped overturning. The party were compelled to phone to town for assistance. A speedy response enabled them to reach their train.

Special Anniversaries

In the Methodist church on Sunday next the Rev. J. R. Westman, Field Secretary of Epworth Leagues will conduct the morning service as a Sunday School Rally and in the evening will address the Epworth League Society. Appropriate music will be rendered by the choir of the church.

Ha! Ha! Macleod

Mr. Nicholas Taitzinger true to his established reputation as a Clareholm booster, made our district famous by carrying off the Cup donated by the Manitoba Free Press. What the last 5 bushels of Winter Wheat. This Cup was won by the Macleod section last year and they naturally were proud of their success. We are glad that district cannot take anything in sight and that we can say Ha! Ha! to this in this victory to be sign with.

Sampling the Roads

On Sunday the path finding car, engaged in mapping out the route for the great Durability Automobile Test Race from Winnipeg to Edmonton and return in August passed through town. The car, a Haulday, with four passengers, and carrying about 400 pounds, found the roads in spots near here somewhat difficult to negotiate. The fall however, may be a very different story to tell as far as roads meet this town, are concerned. The car was in the city daily behind its schedule.

Lifting Purse

The successes of Clareholm horses in the Coronation Day Races at Calgary were duplicated during our exhibition recently closed. Essie M., a mare owned by Eric Moffatt, driven by George Haug, won in three straight heats, the 3 minute green trot, the second one in 2:30, making a new mark in the name. In the 2:35 trot in the earlier days of the exhibition, this mare was a close contender for first money nothing but a few skips in the stretch setting her back to second place. That the promise of wonderful improvement in Essie M. is being fulfilled is seen by comparing the time of the fastest heat on June 22nd, namely 2:29 with her new mark. It is understood the horse will be started at Winnipeg, Brandon, Regina and Edmonton exhibitions and probably later at the coast.

Ranch King, owned by J. R. Watt, of this county, which secured for his owner the Cup at the Coronation Day Races, won 2nd place in the Gentleman's race, one mile, at the Fair, from a field of younger horses. Admiral Togo, also a Clareholm horse, owned by John Robertson, was entered but owing to an injury to his ankle was not started.

The News Telegram of Calgary, it is rumored, are leaving the morning following the exhibition, and confining their attention to the afternoon and evening editions.

H. DUNCAN, Editor.

WE WANT TO KNOW

If it is true, as we have been informed, that this district, notwithstanding the changes of the past three years, has no literature with which to respond to the growing interest the Eastern people are manifesting in this big Western section of the Dominion and in our province in particular, it seems to be time for the matter to be taken up by our Board of Trade. The opportunity afforded by the splendid exhibitions being held throughout the West to which have been attracted representatives of all industries particularly of the East, and such a large proportion of Eastern people who have in mind the location of themselves or their businesses in our section of the country, should not be allowed to pass without its being taken advantage of to let everybody know that we have a district second to none in the Western Provinces and a town head and shoulders above the majority of those making the loudest claims to Eastern notice. Conditions are changing, racing is not the chief and only industry; neither is wheat raising the only source of revenue for the farmer as it once was. The lessons being learned by latter experience in the other sections are bearing fruit and many farmers are already studying the market demands with a view to utilizing their land for a variety of purposes so as to spread the farm labor over longer periods. Can we grow fruit? Can we grow fodder crops? Can we produce pork, mutton and beef profitably? Can we go into dairying with a market for our produce at hand? These and many other questions we can answer and should answer regarding this district. These are the questions that lie behind the real estate investments of towns and country. Is it not time that the facts about this district should be marshalled in army and set forth in an interestingly written and tastefully printed booklet of some description for distribution in the East and in the larger centres of our own West? Think it over.

NOT A TIME TO LAUGH

Of all the ridiculous emanations from the lips of Hon. "Bak" Rogers, and their name is Legion, that latest charge of his that the census is being manipulated to rob the West of her just dues in the matter of population and representation, is beyond all question, the wildest and most rash attempt he has yet made to discredit the Dominion Government. The good will of the West is the present incentive, a most valuable asset, and no such piece of political suicide would appeal to a government which stands to lose the sympathy of the united interests of the Dominion. The Hon. gentleman ought to have learned by this time that while Manitoba may have passed by his incoherent and unbecomingly utterances in front of Manitoba politics, their hands to their faces to hide their smiles, when it comes to a real issue touching the welfare of a whole country his own supporters will not consider his utterances the light of a joke but as discrediting his claims to the possession of these qualities which are necessary in a leader of a great nation in which position, it is rumored, the Hon. Robert aspires.

Quite Seasonable

The cool weather of the past week makes one recall the winter past and shiver in anticipation of the winter coming. Winter suggests ice and ice leads the thought to a rink and right here. Are we to have a covered rink this coming winter? To take advantage of the long winter a rink should be ready by Dec. 1st. Would not a building somewhere in town that could be utilized in winter as a rink and in summer as a store-house for machinery, or some such commodity be a paying proposition? Don't all speak at once! There are no doubt a number of curbers who find the winter hours long in passing who might unite to make a rink proposition even more attractive to a business venture. Then, think of the horse material from which a hockey team might be recruited. Consider the advertising obtained.

from a good team upholding the Clareholm name and honor. Also reflect on the discomfort and inconvenience of an open-air rink even at its best. Enough said.

Moving Upward

Below is given the list of promotions made in Clareholm Public School at the end of the Spring term.

Standard I. Teacher, Miss Todd. Promoted from P. 1 to P. 11.

Wilfred Chatelets, Nellie Nelson, Ruby Stark, Florence Averill, Leo Chatelets, Allan Perry, Allan Cornwall, Roy Willitte, Cordeless Shearer, John Walls, Lenoire Cochran, Herman Swan, Alan Buckingham, Carrie Edlund, Cathie Cornwall, Mabel Price.

Promoted from Sr. P. 11 to Jr. St. II. Ethel Strangway, Loretta Schell, Elsie Amundson, Harold Soboy, Tommy Ringrose, Harcourt Perry, Johnnie Pierce, Jean Hutchison.

Standard II. Teacher, Miss Barbour. I. Promoted from Jr. St. II. to Sr. St. II.

Arthur Haig, Agnes Laidlaw, Elsie Schnell, Morley Tillison, Norma Holmes, Jessie Lyndon, Alvin Soboy, I. T. Promoted from Sr. St. II. to Jr. St. III.

Lulu Henry, Carl Edlund, Alfred Edlund, Luella Schoof, Mary Pierce, Willie Farmer, Gardiner Brown, Edith Bowen, Mary Cornwall, Douglas Miller, Iona Pierce.

Standard III. Room. Teacher, Miss Carson. I. Promoted from Jr. St. to Sr. St. III.

Burton Spencer, Philip Williams, Willard Haig, May Uglund, Elmir Teskey, Ormond Bowen.

II. Promoted from Sr. St. III. to Jr. St. IV.

Stanley Simpson, Percy Cochran, Helen Wyes, Maude Milnes, Maude Laidlaw, Chester Case, Elsie Cotter, Emma Price, Jessie Elverson.

Standard IV. Room. Teacher, Miss Redpath. I. Promoted from Jr. St. IV. to Sr. St. IV.

Joseph Hutchison, Mabel Soboy, Margaret Laidlaw, May Amundson, Hazel Spencer, Agnes Foss, Hazel Hutton, Lillian Solberg, Eva Moffatt, Alta Teskey, Charles Strangway, Gail Strang, Ward Clark, Warren Edlund, May Price.

II. Promoted from Sr. St. IV. to Sr. St. V.

Sylvan Hillender, Ruth Simpson, Ethel Amundson, Martha Thomason, Bernida Miller.

H. W. Browles,
Principal.

A Lincoln, Neb. girl writes, "I had been sitting for some time with chronic constipation and stomach trouble. I was taking Chamberlain's Stomach and Bowel Tablets and in three days I was able to get up and get better right away. I am the proudest girl in Lincoln to find such a good medicine." For sale by dealers everywhere.

Union S. S. Picnic

On Thursday last week the pupils and friends of the Presbyterian and Methodist Sunday schools of this place held their annual Union S. S. picnic. The place chosen was the grove on the ranch of Mrs. C. Sharples on the banks of Trout Creek. The attendance was the largest that this occasion has attracted since Union picnics have been held. Every vehicle available was pressed into service for the day to carry the children to the grounds about eight miles. Almost all the autos in town made more than one trip with eager, smiling-faced passengers. At the grove, besides the lunch which, of course, stands head and shoulders above the other programme features, a long list of sports for young and old furnished amusements and exercise for the large gathering. Prizes which were donated by the merchants and others of the town were keenly contested for, even staid men and men of families entering with zest into the spirit of the sports. We are sorry we cannot give a list of the prize winners but the keeping of a list of winners was overlooked. The committee of managers are to be congratulated on the successfulness of the affair. This committee wish to express thanks to all who assisted by furnishing gifts or autos to transport the members of the schools to and from the picnic spot and hope everyone so assisting will accept this expression of appreciation.

For summer diarrhoea in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and expect relief, and a speedy cure is certain. For sale by dealers everywhere.

Meadow Creek District

Tuesday night July 4th, there was frost, and ice formed in places between here and Clareholm.

A fishing party of the young people of this vicinity, consisting of Mr. Marshall and his brother and family, Mrs. Oliver, the Misses Bissett's, also Lester Bailey, report a pleasant trip and plenty of fish.

It's reported that a wedding was postponed on account of the young man not being able to get the licence either at Clareholm or Grannum the day he came in town as both issuers of marriage licences were away and no one else could fill out the forms.

Mr. Hannah is giving a picnic July 14th, for the school children of Carleton district. It is hoped the weather will be fine so the children can all go and enjoy the day.

Mrs. Hanly is at Calgary this week consulting a physician with regard to the health of her little daughter Leila.

Right in your busiest season when you have the least time to spare you are most likely to take diarrhoea and have several days' time, unless you have Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand and take a dose on the first appearance of the disease. For sale by dealers everywhere.

NOTICE TO CREDITORS

In the matter of the estate of William R. Haig late of Starkweather in the State of North Dakota, deceased.

NOTICE IS HEREBY GIVEN that all persons having any claims or demands against the late William R. Haig who died on the 15th day of June 1929 at Starkweather aforesaid are required on or before the 10th day of August 1941 to send by post prepaid to Campbell & Fawcett at Macleod, Alberta, solicitors for the Administrator of the said estate their names and addresses and full particulars of their claims in writing and a statement of their accounts and the nature of the securities if any held by them and such statement shall be verified by Statutory Declaration of the claimants or his agent.

AND TAKE NOTICE that after the 10th day of August 1941, the said administrator will proceed to distribute the assets of the said deceased amongst the persons entitled thereto, having regard only to the claims of which he shall then have had notice, and will not be liable for the said assets or any part thereof to any person of whose claim he shall not then have received notice.

Dated at Macleod this 7th day of July A. D. 1941.

Campbell & Fawcett,
Solicitors for Administrator.
7-13-27

WHY

Is The Massy-Harris Binder Superior to ALL Other Makes

BECAUSE it can CUT, ELEVATE and BIND a full swath in the heaviest grain that grows. Because it binds every bundle. Because it can use weaker twine. Because it has more elevating capacity. Because it has more adjustments on the reel. Because it can handle shorter grain. Because it has a knottor no other binder can have. Because it draws light. Because it wears longer. Because the construction is not changed every year. Because it is made right.

J. D. McIntyre,

Agent. 6th Avenue.

Frost & Wood No. 3 Binder does Better Work

Because of the Economic! Brochure With the No. 3 Binder makes a neater, more tightly compressed bundle and saves considerable twine. Discharge the bundle faster, too, than the ordinary binder. Remember, no other binder has the Economic! Brochure Wheel. Setting is any other binder so light in draft. At all places where there is a possibility of friction occurring the makers of No. 3 Binder have provided Large Roller Bearings. That's why the Frost & Wood No. 3 runs so smoothly and easily—one reason why it gives so many more years of service. Another reason for its great durability is the strong, powerful construction of its back legs, which we would like to explain to you fully. Write for your complimentary literature and tell things over to us. We are confident that the Frost & Wood No. 3 is the binder for you. Give us a chance to prove it.

Just Received

A fresh supply of Twin Oaks, Prince Albert and other well known brands of Smoking Tobacco.

Mr. Borden's Protective Policy

In his meeting with the Grain Growers of Manitoba at Winnipeg Mr. Borden expressed himself in favor of Government ownership and operation of the Hudson Bay railway, in favor of State control and operation of terminal elevators; and in favor of Government assistance to the chilled meat industry.

He was opposed to any increase in the British preference; he was opposed to reciprocity with the States; he would refer any readjustment of the tariff to a tariff commission.

These answer made it evident that Mr. Borden intends to go to the protective tariff policy "wholehog". The masters of Hudson Bay railway, terminal elevators, and chilled meat industry do not affect the protected manufacturers in the slightest, consequently Mr. Borden was free to take advanced ground for Dominion management of these enterprises.

Mr. Borden declared himself in favor of the control of lands, timber and minerals by the several provinces, but he said never a word about schools. Is his policy to return to the several

provinces the full control of the school system as in Manitoba? That was the policy of Western Conservatives in the 1906 election. What is their policy today?

In reading of Mr. Borden's fears for Canadian railways and Canadian nationality one cannot help but wonder how he expects reasonable men outside his party to give him confidence, in the face of these facts.

1.—The United States can at any time on its own initiative reduce the duties on Canadian natural products, and defeat Canadian trade to the south.

2.—The reciprocity agreement is not a treaty and can be terminated at any time by either party. Why can't not Canadian people have a trial of reciprocity with the States?

3.—The bank railway and merger schemes of Canada with reciprocity in sight have never reached such "high water mark" values in the stock market.—Red Deer Advocate.

Never leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be obtained when on board the cars or steamships. For sale by dealers everywhere.

Summer Schools

The advance announcement of the location of the Summer Training Schools of the Alberta Sunday School Association has come to hand. The idea is a truly splendid one. That emphasis should be placed upon the training of the teachers who lead the young in the study of the best code of ethics ever given to man and to imbue the child with the spirit of study Christian character building is granted in this age of the world. In importance this branch of mind education is not second to any other. It remained for the association to combine pleasure and profit by providing that a fine course of addresses on pertinent subjects should be given amid the most pleasant environments. This year the Summer schools of Alberta are to be addressed by Miss Helen Park of Winnipeg. A Practical Normal school teacher with recognized ability of management and matter, an expert Sunday School teacher of experience and with a record of successfulness, no stranger to Alberta as she was with the Mid-summer Tour party in the summer of 1910 in their Alberta tour, she is singularly competent to instruct in the subject of "How to Teach." She will also give three "Evening Talks" at each school "The Master Workman," "Bending the Sapling" and "The 'Iren' Age." She leads the Story Hour around the glowing camp fire in the "Twilight Period." Professor Dyde, the recently appointed Principal of the new Presbyterian College to be established in Alberta will address the schools at Blairmore and Banff on Bible Study Under Professor Dyde's exposition the Bible Study Hour each morning will be rich in thoughtfulness and abounding in interest.

The Missionary Department will be particularly interesting being in charge of Harold Woodworth, B. A., fresh from two years' educational work in Japan under the International Council of the Young Men's Christian Association. From the worthy son of a worthy side great things are expected and to make the subject more interesting and instructive a full line of missionary models, pictures and literature will be displayed. Rev. E. S. Bishop, Missionary Superintendent of the Alberta Sunday School Association, will attend the Sylvan Lake, Blairmore and Banff summer schools in the interests of that department.

Rev. C. H. Johnson, M. A., B. D. himself an encyclopedia of information on mission, with an enviable experience in missionary education in the Maritime Provinces, lectures at each of the six summer schools. He will use as a text-book "The Decline Hour of Christian Missions," by John E. Mott.

The department of Social Purity will be under the direction of Mr. A. B. Steer, B. A., science master Calgary Collegiate Institute. He will also deal with some general topics on teaching but his special subjects will be "Social Purity" and he can be trusted to handle this delicate question in a safe, sane manner.

Music will be a prominent feature at each early morning service and at the evening meetings as well as at the "Twilight Hour" gatherings and some special concerts have also been arranged for. Our popular musical friend from Chicago, Prof. L. L. Henry, has the direction and leadership of this important part of the gatherings.

The schools will be held at Birch Lake Sunday, July 9th to Friday, July 14th; Cooking Lake, Sunday, July 16th to Friday, July 21st; Buffalo Lake, Sunday, July 23rd to Friday, July 28th; Sylvan Lake, Sunday, July 30th to Sunday, August 6th; Blairmore, Tuesday, August 8th to Sunday, August 13th; Banff, Tuesday, August 15th to Thursday, August 24th.

Don't forget to phone in that little news item to the Review!

K. of P. Officers Installed

With a large attendance of members the officers of the Knights of Pythias were installed. Wednesday evening by D. D. G. C. J. B. Boose.

Eugene Ely
